THE GOVERNOR'S CHAIR.

Why Gov. Holt Could Not Go to Washington.

Greensboro North State, Rep.

Gov. Holt could not go to Washington because by going out of the State he would vacate his office, and it was feared that Elias Carr might take possession in the interest of the Alliance. Our vigilant friend, Mr. Turk, said he had some idea of trying to fill the Governor's chair himself, if he found it vacant.

A Little Girl's Experience in a Lighthouse.

Mr. and Mrs. Loren Trescott are keepers of the Gov. Lighthouse at Sand Beach, Michigan, and are blessed with a daughter, four years old. Last April she was taken down with measles, followed with a dreadful Cough and turning into a Fever. Doctors at home and at Detroit treated her, but in vain, she grew worse rapidly, until she was a mere "handful of bones."—Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at John Y. MacRae's Drugstore.

NEW PROFESSORS ELECTED.

THE A. & M. COLLEGE TRUSTEES CHOOSE TWO INSTRUCTORS.

One From Wake County and the Other From Georgia, to Take Places in the Mechanical Department.

The Executive Committee of the Board of Trustees of the College of Agriculture and Mechanic Arts held a meeting yesterday afternoon and transacted important business. The first was to elect instructors to fill the positions caused by the enlargement of the department of Mechanics.

Three instructors were needed and two of them were chosen, viz: R. E. L. Yates, of Wake county, Assistant Instructor in Pure Mathematics; and Mr. Chas. M. Pritchard, of Cartersville, Ga., as Assistant Instructor in the Department of Practical Mechanics.

The resignation of Mr. W. E. Weatherly as Assistant in Practical Mechanics, was presented and accepted, he having been offered a position in St. Louis, his native place.

Plans for the erection of dormitory buildings will be offered at a meeting next Tuesday.

Of the new instructors Mr. Yates is an A. M. graduate of Wake Forest College, a thorough student in mathematics and a young man of excellent ability.

Mr. Pritchard is a graduate with honors from the Atlanta Technological Institute and is considered to be No. 1 in the line he is chosen to direct.

TOBACCO CENSUS REPORTS

Do Not Do Edgecombe County Justice—Its Crop is Three Times as Large as Given.

[Special to STATE CHRONICLE]

PENELO, N. C., June 14.—Your figures in regard to Edgecombe county's tobacco crop for 1890 will not do. According to your census report, you give Edgecombe 51,422 pounds, and state its value at \$10,800. Why, my dear sir, we have one farmer whose crop in Edgecombe equaled, if not exceeded, that amount in dollars. I have never lived in North Carolina but one year and that was last year, in this county, and I am positively certain there was more than three times that amount of tobacco raised in Edgecombe, and to convince you that the census reports are not true I will give you a few names, of which I know, who cultivated tobacco crops and also the number of pounds raised by them, which is as follows:

T. C. Bowe, Penelo,	\$10,000
Frank Gorham, Penelo,	2,000
G. W. Kilbrew, Penelo,	2,000
O. C. Farrar, Tarboro,	8,000
J. L. Wiggins, Tarboro,	6,000
P. H. Edge, Tarboro,	2,000
A. B. Nobles, Tarboro,	12,000
Frank Foxall, Tarboro,	2,000
H. B. Kilbrew, Rocky Mt.,	8,000
J. G. Nettles, Rocky Mount,	6,000
C. L. Kilbrew, Rocky Mt.,	7,500
Jesse Brake, Rocky Mount,	2,000
J. L. Brake, Rocky Mount,	4,000
Geo. Thomas, Rocky Mount,	1,000
Judge Chatman, Rocky Mt.,	2,000
Battle Bryant, Tarboro,	6,000
Mr. Daughtry, Rocky Mt.,	2,000
R. D. Armstrong, Rocky Mt.,	25,000
Wright Stallings, Tarboro,	8,000
Total,	\$115,500

[Our friend is mistaken in saying that the CHRONICLE was not right in its figures regarding the crop in Edgecombe. The statement came from Washington City from the Census Bureau and the CHRONICLE itself thought it incorrect as to several counties though had no right to alter the statement. We are glad to see the increase in the tobacco crop of that properous county.]

The Farmers' Alliance

As an organization has endorsed and elected to office those who they think will advance their interests financially and politically. Cleveland Springs, as a Health Resort, has been endorsed and recommended by those who have tested the virtues of its waters, and know from experience the wonderful powers they possess in the cure of all diseases of the blood, liver, bladder or kidneys, or dyspepsia, malaria, nervous debility or any of the ills to which flesh is heir. If you are a sufferer, therefore,
